CITIZEN REGISTRATION

APPLICATION FOR ENTRY IN DRIFT BAY

HOW THIS WORKS

Every so often, Drift Bay opens its books to new Citizens. Use this form to propose a citizen of Drift Bay. All applications are put to a listener poll; the winners are entered into the Drift Bay Compendium and may be heard on Fogpoint Radio.

RULES FOR APPLICATION

- It is the 1940s. Your citizen must be believable for the era: no magic, monsters, high or low fantasy. Example; your citizen may believe in ghosts; they may not be one.
- Your citizen lives and works on the island.
- Your citizen either works at a business already known on the island, or runs a business of your own invention. A new business is a one person trade only: no partners, staff, branches or factories.
- No real people, real brands or existing characters from films, books or games.
- Some features might need to be changed to fit within the rest of Drift Bay.
